

## **Directions for 2009 YC Bus Drop-Off/Pick-Up and Car Parking**

Please read the following carefully and be sure that you communicate it to your bus driver if he/she doesn't already have the information. (Charlottesville City Schools can count on Jeff Suling to convey the information, but Albemarle County Schools, Nelson County Schools and private schools will need to inform their transportation services of this information). Additionally, please download the map that includes the traffic pattern that is required of all buses, the bus stop location, and the parking location for cars. As you arrange for bus transportation for your students, please be sure that they will drop off your students in plenty of time for them to walk from the drop-off points to Old Cabell Hall. There will be a lot of traffic congestion that morning, so allow plenty of extra time. The performances will begin promptly at 10:00AM and 11:30AM that morning.

### **BUS DROP-OFF and PICK-UP FOR BOTH CONCERTS**

The bus drop-off and pick-up point is along McCormick Rd on the EAST side of the street next to the West Range, as close to the University Chapel as possible.

**From Ivy Rd: Buses should enter Alderman Rd. from Ivy Rd. Follow Alderman Rd. South and turn left at the traffic light onto McCormick Rd.** Follow McCormick through the first set of gates (the arm will be raised), across the bridge that goes over Emmett St., and stop on the right side of the road by the West Range as close to the University Chapel as possible. There will be volunteers from the Symphony who will help bus drivers to know where to stop and they will also assist in directing students and teachers from their buses to Old Cabell Hall.

**From Jefferson Park Ave: Buses should enter Maury Avenue which becomes Alderman Rd. Follow Alderman Road North and turn right at the traffic light onto McCormick Rd.** Follow McCormick through the first set of gates (the arm will be raised), across the bridge that goes over Emmett St., and stop on the right side of the road by the West Range as close to the University Chapel as possible. There will be volunteers from the Symphony who will help bus drivers to know where to stop and they will also assist in directing students and teachers from their buses to Old Cabell Hall.

### **BUS PICK-UP FOR BOTH CONCERTS**

The bus pick-up point is identical to the bus drop-off point. Again, please follow the above-described traffic patterns. When picking up students, please stop along McCormick Rd. near the West Range as close to the University Chapel as possible.

### **PARKING DURING THE CONCERTS**

**Buses** that are attended may wait along the East Side of McCormick Rd. during the concerts. Unattended vans/buses may not be left along McCormick Rd. at any time. Private School Vans that are too large to fit in the Central Grounds Garage must park at the JPJ Arena. Prior permission must be obtained to leave these vans at the arena, so please contact UVA Parking and Transportation to arrange this for your school. UVA Parking and Transportation Phone Number: (434) 924 – 7231, website: <http://www.virginia.edu/parking/>

**Cars** should park in the Central Grounds Garage accessible from Emmett Street, about four blocks South of the intersection between Emmett Street and Ivy Road. If the Central Grounds Garage is full, there is additional parking near the UVA Hospital.
