

Preludes Reservation Form

The orchestra offers two visits to each elementary and middle school and two visits per program (two each for band and orchestra) at the high school level for all schools in the Charlottesville City and Albemarle County Public Schools at no charge to the school. A “visit” is defined as one musician for up to two consecutive hours. The time can be broken into smaller increments to serve a larger number of students, such as two back-to-back 45-minute sessions, but the sessions must fit within a two-hour time period. Private schools, home school groups, and schools in the surrounding counties may schedule visits for a fee of \$100 per visit. Schools systems may schedule additional visits at the same rate.

Please answer these questions to schedule your visits.
