General Information

Charlottesville City Schools

CCS music teachers can count on Jeff Suling to convey this information to the CCS bus drivers.

Plan Ahead for Traffic

Please arrive in plenty of time to walk from the parking and drop-off points to Old Cabell Hall. There will be a lot of traffic congestion that morning. The performances will begin promptly at 10:00AM and 11:30AM.

Volunteers

Volunteers from CUSO will assist with traffic flow for the buses. They will show the bus drivers where to stop and they will also assist in directing students and teachers from the parking garage and bus stop to Old Cabell Hall. Please ask your drivers to heed their directions for unloading, parking and loading.

Bus Drop-Off and Pick-Up

The bus drop-off and pick-up point is along McCormick Rd on the EAST side of the street next to the West Range, as close to the University Chapel as possible.

From Ivy Rd: Buses enter Alderman Rd. heading South. Turn left at the traffic light onto McCormick Rd. Follow McCormick through the first set of gates (the arm will be raised), cross the bridge that goes over Emmett St., and stop on the right side of the road by the West Range as close to the University Chapel as possible.

From Jefferson Park Ave: Buses enter Maury Ave. which becomes Alderman Rd. Follow Alderman North and turn right at the traffic light onto McCormick Rd. Follow McCormick across the bridge that goes over Emmett St., then stop on the right side of the road by the West Range as close to the University Chapel as possible as directed by the volunteers.

PARKING DURING THE CONCERTS

Attended Buses may wait along the East Side of McCormick during the concerts. Please park close to the curb, but NOT on the sidewalk.
